

Take Control of Print Costs and Confidentiality

GE Money

>40%

Cost reduction

Country:

Switzerland

Key Customer Benefits:

Cost reduction

Information security and risk

The Challenge

- Take control of print and copying activities to reduce printer operating costs.
- Standardise printer fleet and optimise device utilisation to ensure a consistent level of functionality for staff.

The Solution

- Managed print service delivering proactive device monitoring and maintenance, automated supplies ordering and comprehensive management information.
- Device rationalisation: 30% reduction in number of devices to support.
- Introduction of follow-you printing.

The Results

- >40% cost reduction through device rationalisation and service efficiencies.
- Complete cost transparency and management control.
- Confidential printing of sensitive documents enabled through follow-you printing.
